D-Week Airbands Were A Great Past Time

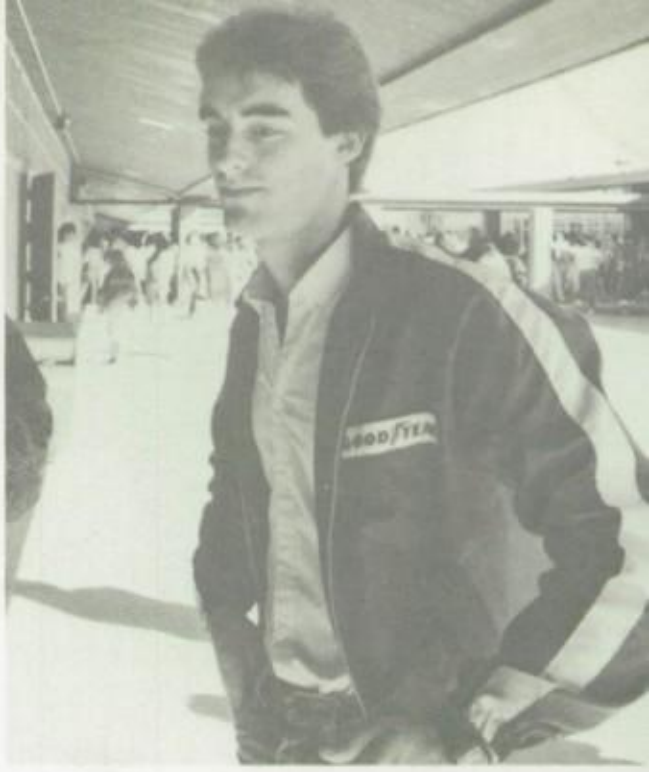
Cover up. It looks like rain. Nature doesn't care if you're having an airband or not.

In leiu of D-Week, each class got a chance at proving their pride and spirit by imitating their favorite rock stars. In the past few years Air Bands have really been popular here at D.H.S. This year was no exception.

The Juniors won first place in the Air Band Contest. The total points they received were five points. In spite of the rain the Seniors came in second place. Mrs. Carole Peniza, Mr. John Mariscal, Mrs. Yvette Rehurek, and Mrs. Rachel Rulmyer were the judges.

Memories are the building blocks of life



The firedrills, famous study sheets, lectures, campaigns and elections, deadlines, applications, and cramming — how did we get through it all?!

As we leave this school, the teachers, our friends, we leave a part of ourselves behind. We found out growing up is difficult, and that the world gets more complicated as we mature. Douglas High School helped us prepare for that difficult world; we can now face it with confidence and understanding.

In future years we'll most likely look back and realize that our high school years were the best times of our lives. We'll most likely say, "We had it all."

DHS students had the unusual experience of jamming out with "False Witness," a heavy metal rock group which played for the Costume Dance sponsored by the Junior Class. Many students dressed the part with green and pink hair, short skirts, concert shirts, and bandannas. It was special and crazy, but students didn't need a reason to have a good time — 1984-85 was a year full of good times, whether it be at concerts, dances, or just local hang-outs.

Who said there isn't anything to do in a small town? When there isn't much to offer in the line of entertainment, you make your own. In 1984-85 we made our own, and things got a little bit wild and sometimes a little bit crazy, but we managed to have fun and to survive.

Personality!

No one could deny that DHS students have personality. We shout it at assemblies, games and meets, and in the halls because we're proud to be Bulldogs. You can't buy personality, you can only obtain it from other Bulldogs. As you can see, there are plenty of Bulldogs to help you out, if you lack. Bulldog personality is not hard to get, you just have to be involved with the school, other students, and the teachers. Aren't you proud you're a Bulldog?

Douglas High School has seen many students come and go, but students in 1984 have to be the most humorous, crazy, and imaginative of all — not to mention all the talent that floated around our halls. But if one were to mention all the light-sided characteristics of 1984 students, the serious and witty characteristics would have to be mentioned as well. This year, probably more than ever, students are concerned and involved in society's problems. In 1984, the concern for nuclear war is very real, but with bright, sensitive people working for the welfare of mankind, we'll make it. After all, with the class of 1984 go our future scientists, doctors, educators, psychologists, sociologists, and the like. We can only expect good things from this class.

D-Week Doings

Some weeks come, and some weeks go, but D-week goes on with us forever. We had some great times with the flower and float parties, air-band contests, pep-rallies (for cross country, volleyball, and of course football) and of course our beloved homecoming game, between the Bulldogs and the Gilbert Tigers. We will always remember the great sense of pride and spirit that we showed for our school during this week. We all love D.H.S. and we will prove our loyalty at home and abroad!

We jammed out with Prince. Gizmo visited from Chinatown and helped give us some real spirit. At the parade, we enjoyed watching the different floats go by. The junior float, number one, was exceptional.

The D.H.S. mascot, Tiger Buster, looked sensational in his gold. The seniors did an outstanding job with D-Day: They got second place, and they won the D-Week cup.

Fair Days, '84

D.H.S. participants in this year's '84 Fair Days. Some of the various things that were entered or that could be entered included: Can goods, fresh homemade baked goods, arts and crafts, and metals. Also a person could enter an animal that he or she had raised and trained for show.

Our school had many various participants in the fair. Some of whom were ...

Melissa McClatchy	lamb
Mark Drost	swine
Kody Taylor	steer
Tim Drost	swine
Sylvia Hiylicra	crafts
Barbra Sharp	crafts
Arla Nordhagen	crafts
James Stoyanof	art
Kathleen Kane	swine

These are just a few of the people who made entries and showed their spirit in the fair.

Also the Douglas FFA Sophomore class entered a safety display. They received a blue ribbon against the other chapters in Cochise Country.

The fair will be back, so let's hope for a much better year.

WOW! That was great wasn't it? The rides were all running and thrilling us. They had three spook houses and a lot of games for the enjoyment of the ground. Then for those with the courage to ride on the even more great rides, there was the Zipper, the Baskets, Ferris wheel and of course the Octopuss. That was the best it could be.

D-Day Game Dedication was to Mr. Ivan Huish. He was born on July 18, 1934, to Anna C. and J.M. Huish in Douglas, Arizona. Ivan attended Douglas elementary schools, entered Douglas High School in 1952. During his high school years, Ivan participated in football, basketball, baseball, and track. He received a varsity letter in baseball his sophomore year, and lettered in football, basketball, baseball, and track during his junior and senior years, earning all conference and all-state honors in football, basketball, and baseball. He also played in the all-state football game in Flagstaff in 1952. Ivan was one of Douglas's few 4-sport letter recipients in one year. This feat was accomplished by his daughter, Sheri, 20 years later. Ivan was offered scholarships to play football and baseball at Texas Western (now UTEP), Texas, U of A, NAU, and TCU. However, Ivan decided that rather than attend college, he would marry his high school sweetheart, Betty Pomroy. In 1953, Ivan went to work for Phelps Corporation at the Douglas Reduction Works, and, at present, is the foreman of the electric and pipe shops at DRW. Ivan and Betty have eight children, six of whom have graduated from Douglas High School. Their children are Ivan L., David, Cindy, Joe, Marilyn, Sheri, Rob, and Tim. Five have been recipients of athletic scholarships to various colleges Varsity letters are not a rarity in the Ivan Huish family; all six children have participated in DHS athletics. The sports include football, baseball, basketball, track, wrestling, softball, and volleyball, as well as cheerleading and mat aides. Thirty-five varsity letters have been earned by Ivan and his children. Ivan has coached Little League and Babe Ruth teams for over 12 years and helped his wife in the Girls' Bobby Sox program for over two years.

Classroom Characters

Oh those classroom activities! How could we ever forget those crazy, outrageous people who went to DHS? Sometimes things happened that we could never forget. The spitballs we threw in math class, not passing English, and the uncontrollable talking in history — not to mention all the things we learned. What about lunch hour class and all the munchies? There's always a certain person who we won't forget whether it be the class joker or class fox. We all have some special memories that time will never erase — and we wouldn't want it to. Here are some special moments in our year. Recognize the faces? If so, ask about the story behind them. It may prove to be very interesting.

"I knew we could do well this year with a young team, and we've proven it," stated Coach Lim. The Lady Dawgs rated second this year, losing to number one ranked Flowing Wells at the divisional tournament. Two of the Lady Bulldawgs were named to the AA All-Conference first team. They were Delia Amarillas and Claudia Pedroza, both juniors this year. Hopefully, we'll see them again next year. Watch out Pumas!

This year the Girls' Cross Country team won the division title. Most of the girls will be returning next season and Coach Bond feels very hopeful for next year's team. The boys' team was young and inexperienced but hardworking. The upcoming season should be a challenging one for both boy and girl Cross Country runners, and of course Coach Bond.

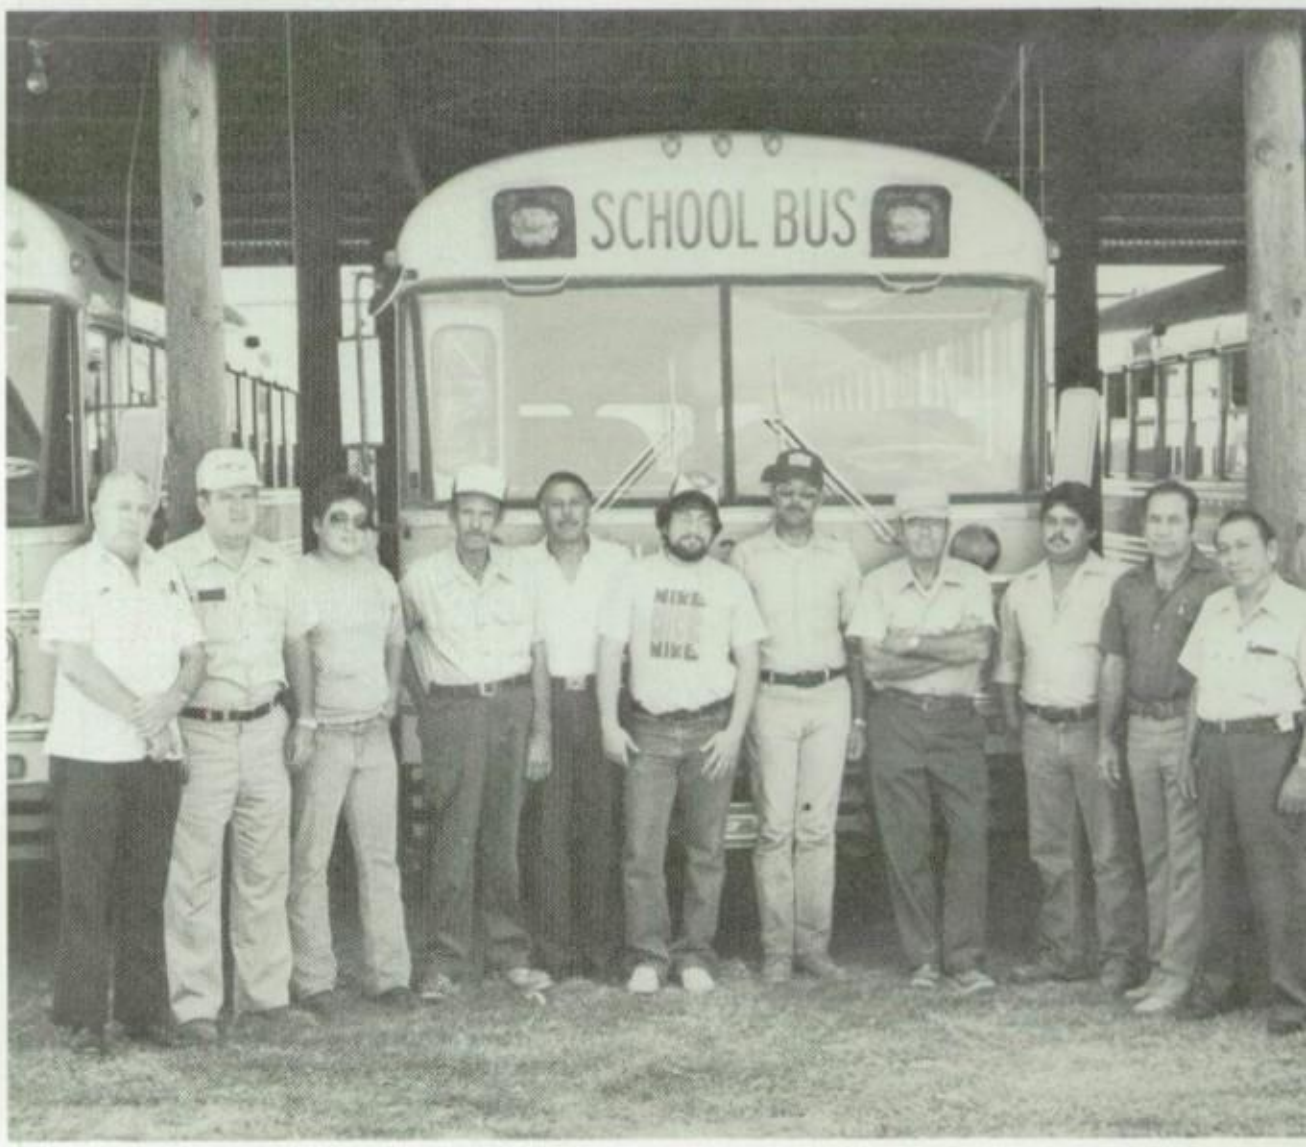
Let's Argue!!!

A new club was formed this year at D.H.S.- the Debate Club. Mr. Douglas Ralston is the sponsor. The requirements to be in the Debate Club are the same as the one's for any other extracurricular activity: Any student wishing to join must have passed five classes the previous semester. Many people think that debating consists only of arguing back and forth; however, this is not true. A true debate is very organized. After the issue on which the members will debate has been decided, the two sides have time to research the subject. The actual debate is very structured, with certain time limits set for both sides. Each team has an opportunity to state facts and for rebuttle. Although this club may sound overly structured, it is like any other club, and has fund raisers and other activities. There has never been a debate club here at D.H.S. and Mr. Ralston feels very enthusiastic about having one. If the club becomes popular enough, we will hopefully be debating against other schools and not just be debating against our own team members.

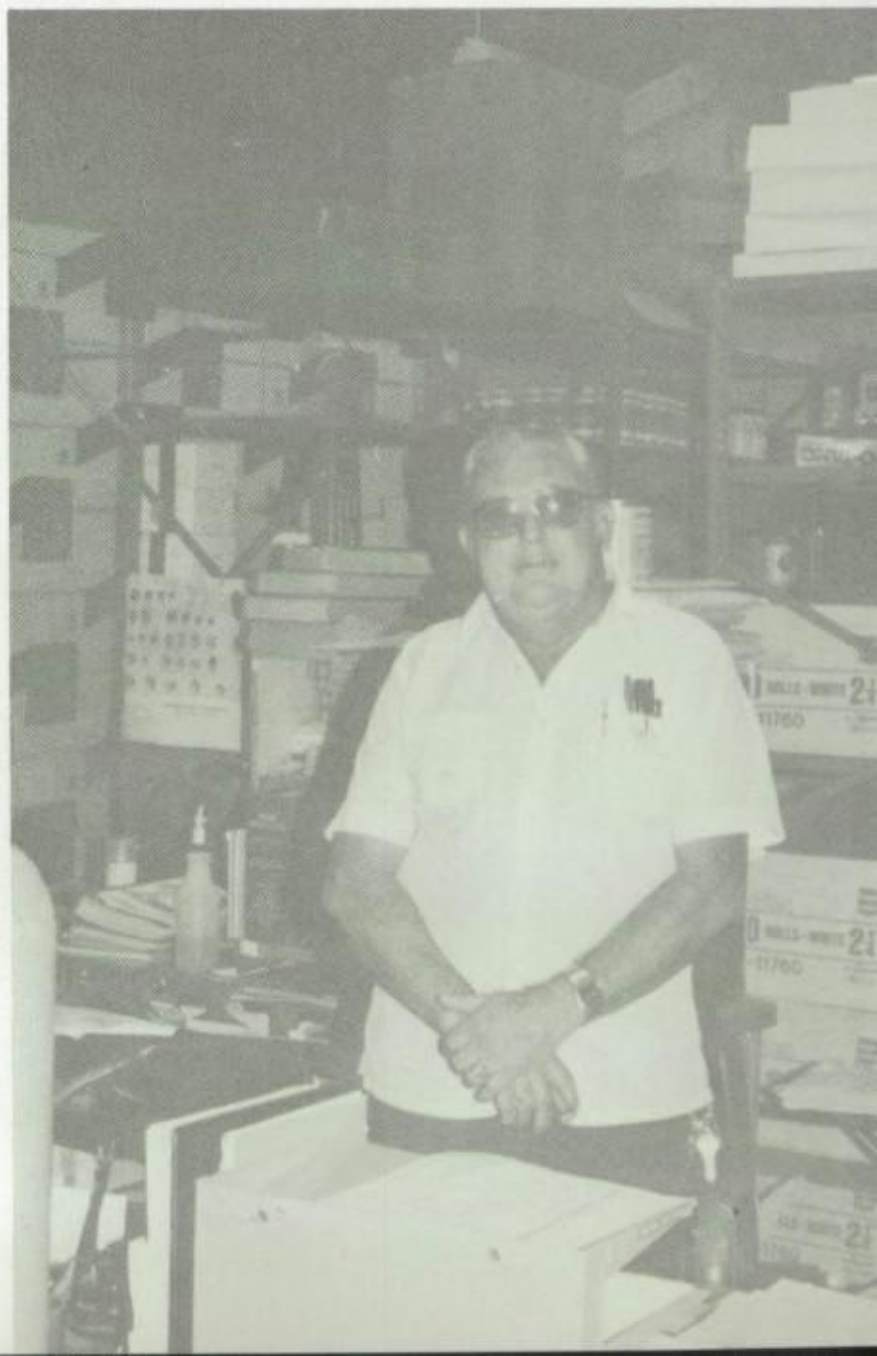
1. Debate Club: (from left to right), M. Pereyda, I. Moreno, V. Rabago, A. Hernandez, M. Nutt, J. Waddoups, M. Romero, J. Estelle, P. Law, W. Heaton, and V. English. 2. President Jimmie Waddoups, "My word is final!". 3. "I say we pose for this picture!! . . . I say we don't!!". 4. "It says it right here. Look John.".

Maintenance: Silently working for us

School goes on, and few of us ever stop to realize how much work it takes to keep it functioning. Without knowledgeable and skilled people, buses would not run properly, and buildings wouldn't be maintained. Such things as heating, cooling, repairs, trips, etc., could not be done, and school as we know it, would not exist.



Students and teachers take summer vacations, and few of us ever stop to think about the work that will be done in preparation for our return. Twice a year, the cooling systems have to be turned on, and at least once a year those same coolers have to be turned off so that heaters can be turned on. Everytime we ride on a school bus, we should stop and think about the work it took to keep the thing running; afterall, schools can't afford to buy buses like most people buy cars, and some are fairly old. The football fields, gymnasiums, and grounds are kept up through the efforts of the maintenance department, yet few of us really associate the well-groomed appearance with the efforts of maintenance.



The 1984-85 Copper Kettle staff dedicates this year's publication to Central Receiving in appreciation for their commitment and hard work. Often times, "Thank you" was never expressed, and even more times, even appreciation wasn't given. We, the staff, appreciate your hard work. Schools function because of you, and without you, utter chaos would exist. Thanks for making our high school years filled with sports trips, field trips, physical comforts, and a sense of well-being possible.

Kites can be replaced; pilots can't

Kite flying is fun whether the pilot is a youngster, teenager or adult. Be careful. Check for power lines **before** you fly. Always fly in an open area — well away from power lines. Call your electric utility if your kite gets caught on a power line. Don't try to get it down yourself. Remember, kites can be replaced — pilots can't.
